

How To Place a Costume Rental Order:

1 As you will in all likelihood want to make notes, compute budgets, etc., it is wise to make several copies of the enclosed plot.

2 When you determine what costumes you want to order, circle those costumes on the plot. Please feel free to put any special notes or directions to us in the margin. If more than one of a particular costume is needed, such as a chorus costume, please write the quantity you wish to order next to the circled costume.

3 Return this circled costume plot to **The Costumer** with the rest of your order. Keep a photocopy for yourself. If you are faxing your order, please use blue or black ink. Pencil, red ink and highlighters do not fax properly.

4 Your order cannot be processed until we have the circled plot, completed measurement form and a signed rental agreement.

5 Get your order to us as quickly as possible. The more time we have, the better. Although we do accept late orders, please note: in order to take advantage of and qualify for our generous discounts, your order **must** be received six (6) weeks prior to your first performance.

6 You must ship your order back to **The Costumer** by 5:00 pm on the first working day after your last performance.
